About Us

Shemax International is an emerging sports manufacturing company based in Sialkot - Pakistan. We manufacture and export top rated Rider & Equestrian Products Since 2005.

We recognize that performance through improvements in efficiency, productivity, and quality is linked to innovation. We are bringing more innovation day by day in the sports world by using the latest technology. Shemax International is fully registered and certified and has rights to work on an international level.

We work in a lot of printing technologies e.g. screen printing, heat transfer printing, logos and stickers, sublimation, cut and sew, direct embroidery and applique embroidery etc. We have an expert and experienced production team and staff which are always searching new ways of working and introducing new products.

We never compromise on quality and have a special quality control department responsible to maintain 100% quality with the passage of time and wearing styles. We use industry leading machinery imported directly from Germany and China.

We at Shemax International think we are ready to compete on international levels. Being a manufacturer, we are bound by customer instructions and requirements. Therefore, we make all products by following the exact customers' designs and instructions. Customer satisfaction and clearance is real business is our motto.

In the end, we reiterate our words by welcoming inquiries from all prospective buyers looking to develop a business relationship with Shemax International and in return, we assure you of our word of mouth by meeting and serving high quality service levels.
